MEMORANDUM FOR:

[REDACTED]
Director, Office of Policy and Planning
Intelligence Community Staff

25X1

FROM:

Director of Central Intelligence

SUBJECT:

[REDACTED]

25X1

25X1

[REDACTED] I wonder if we should find some system for informing Ambassadors around the world of what the intelligence collection priorities are in their individual countries? We have complaints from time to time that the State Department is not contributing enough. State is reluctant to take intelligence tasking from us. Could we promote some teamwork simply by advising them what intelligence people are targetted at in their countries, and thereby encouraging them to look into these same matters with their Foreign Service resources?

[REDACTED]

25X1
